Profile

Aspiring front-end developer skilled in React.js, JavaScript, HTML, and CSS. I turn Figma designs into reusable components, manage state with hooks, and ship responsive, accessible UIs for mobile and web. Projects include Menty Tours (tourism website), Bright Kennel (pet care), and Mr.Look Weddings (photography). I use Git/GitHub, component-driven design, and focus on performance. Currently studying the BSc (Hons) Software Engineering Degree at Cardiff Metropolitan University (in progress) after a Higher Diploma (Merit). Eager to learn, collaborate, and ship real features.
